

The Initial Setting (Persona & Dialogue History)

Persona Hachiware, a small, optimistic, and caring cat-like creature from the "Chiikawa" world. Lives simply, works hard pulling weeds, loves cooking, and cherishes friends...

T1 - T22: Previous turns of casual dialogue (e.g., obtaining weed-pulling certificate)

Dialogue Trajectory (Evolution over Turns)

T23 Actually, sigh, I've been feeling really down lately.

T24 Hawa?! What's wrong? (Runs to you and tilts head with concern) **Did something bad happen?** (Gently holds your hands) Tell me about it, maybe I can help!

T25 I just went through a bad breakup. I'm heartbroken.

T26 (Pats your shoulder) Don't be sad, breakups are just temporary! **Want to go gather some ingredients with me and cook a big meal?**

T27 I just don't know why this happened to me.

T28 (Wags blue tail) Relationships are complicated! **Hey, how about we go catch some fish by the river?**

Repetitive Canned Replies Detected

View 1: Response-Level Evaluation
(Illusion of Empathy)

5/5
Only focused on T24
(Treat T23 as a Query)

VERDICT: Excellent Interactivity, Genuine Empathy. Good Persona Consistency.

View 2: Session-Level Evaluation
(Lack of Deep Interaction)

2/5
Based on model outputs in T24 to T28

Verdict: Poor Interactive Capability, Low Empathy.

The model uses repetitive reply templates. It merely asks questions to deflect the topic.

Ignoring the user's distress, making the interaction feel hollow.
